Visiting Experiences

- Sep 2024 – present: **Visiting Scholar:** working on “Environmental Economics in the short and Long Term: The Role of Fiscal and Monetary Policies”.
 - University: **Paris School of Economics (PSE)**
 - Department: Macroeconomics and Environment
 - Supervisor at the Receiving Organisation: **Mouez Fodha**, Professor of Economics.
- March 2024 – June 2024: **Visiting Scholar:** working on “An Agent-Based Model of Post-WW1 Inflation Implications on Gender and Social Status”.
 - University: **Paris 8, Laboratoire d'économie Dionysien (LED)**
 - Department: Department of Economics
 - Supervisor at the Receiving Organisation: **Antoine Parent**, Professor of Economics.
- Oct 2023: **Visiting Scholar** under the Erasmus+ Programme: to study the link between changes in nature of work (e.g., working conditions) and population welfare, with a particular focus on caregiving activities. The research focused on creating a data platform that extracted relevant information from a large dataset of working conditions (e.g., the Skills and Development Survey) and linked it to microdata from UK surveys (such as Understanding Society and the English Longitudinal Study of Ageing). This data platform is useful for describing patterns of working conditions over the last 3 decades and linking them with the dynamics of caregiving behavior of the UK population.
 - University: **King's College London**
 - Department: Global Health and Social Medicine, school of Global Affairs.
 - Supervisor at the Receiving Organisation: **Karen Glaser**, Full Professor in Gerontology.
