Sex Male | Birthdate Dec 85 | Nationality Italian

Urban and Environmental Planner - Academic researcher (PhD)

Policy Coherence analyst – M&E specialist - Climate change adaptation specialist  
– GIS expert

Professional experience  
(Work experiences)Apr 24 – on going **Senior Researcher (Post-doc) – Project coordinator**

[IUAV Università di Venezia](#) (IT)

Topics: Climate Adaptation, Ecosystem services, Risk reduction.

Project coordinator and main researcher of the Interreg Italy Slovenia project "[KarstFirewall 5.0](#)" (1.061.955,44 € total funds) (**SDG 11 and 13**)

## Objectives:

- Development of an effective cross-border mechanism for wildfire prevention and management.
- Development and use of innovative digital systems employing advanced technologies such as drones, satellite imagery, predictive AI algorithms, and "electronic noses" for monitoring wildfire risk and providing support to first responders.
- Cross-border collaboration for the adoption of these technologies will promote more effective cross-border prevention systems and management protocols, aligning with the emerging Industry 5.0 approach.

## Outputs:

- Develop a conceptual framework for promoting the reduction of wildfire risk through cross-border collaboration for effective adaptive wildfire management in Karst regions;
- Promote cross-border actions and solutions for reducing, preventing, and managing wildfire risk in the Karst area, supported by innovative digital tools and the Industry 5.0 approach.

Feb 22 – Mar 24 **Senior Researcher (Post-doc)**

[IUAV Università di Venezia](#) (IT)

Topics: Policy coherence, Spatial planning, Climate Adaptation Mainstreaming, Climate information and services, Ecosystem services, Sustainable Urban Development.

- Research on climate change adaptation plans, e.g., SECAPs, Climate Adaptation-dedicated plans, city-to-city climate learning networks (**SDG 11 and 13**)
- Applied research on Regional Planning. Case study: Friuli Venezia Giulia IT) and Climate Adaptation and Ecosystem services integration (**SDG 4, 11, 13, 14**)
- Research on Regional Strategic Environmental Assessments and Sustainable Development Policy Coherence (**SDG 6, 11, 13, 14, 16, and 17**)

Feb 21 – Jan 22 **Senior Researcher (Post-doc)**

[\*IUAV Università di Venezia \(IT\)\*](#)

Topics: Public Policy analysis, Policy coherence, Territorial programming, RIS3

- Research and ex ante Evaluation activities focusing on Research and Innovation Smart Specialization strategy (RIS3) of Veneto Region (**SDG 9**)

Aug 24 – on-going **Consultant – Adaptation specialist**

Climate KIC (EU)

Topics: Climate change adaptation; M&E; Start-up

Supporting Climate KIC for the development of the **Adaptation & Resilience (A&R) Assessment Methodology and Tool**, which will enable start-ups to confidently explain their innovation in the adaptation and resilience space and equips them with an initial set of KPIs, basically a fit for purpose collection of quantitative and qualitative data turned into meaningful information.

Comprehensive assignments with work related to:

Ensure that the assumptions, concepts and principles of A&R that have informed the tool and related processes are in line with the latest science and knowledge on circularity.

**Quality assurance of assessments and validations** conducted by trainees and contributions to continuous improvement of the methodology and related processes.

Contribute to writing a A&R Assessment and Validation Methodology and Guidance Handbook from a conceptual, organisational and A&R informed perspective.

Deliver parts or all of the **Train of Trainers Capacity Building Modules** to different audiences. This may include work on adjusting the Train of Trainer materials to the needs of each particular audience.

**(SDG 13)**

September 2023- **Consultant – Adaptation specialist**

January 2024

*Collaborator of [\*Adelante Knowledge\*](#) for UN-ILO*

Topics: Inequalities and Policy Coherence

“Mapping how the Multilateral System tackles Inequalities”.

Specific Objective 1: To improve the understanding of the ILO of **how the UN System tackles the different dimensions of inequalities**, including responsibilities vis à vis achievement of **SDG 10**;

Objective 2: To identify the different **conceptual frameworks adopted by the organizations and specialized agencies of the UN System** to define and tackle the different dimensions of inequalities;

Objective 3: To identify possible points of synergy between the ILO's approach to **inequalities** and those of the different organizations and specialized agencies of the UN System;

April 2021-On-going **Consultant – Adaptation specialist**

*Collaborator of [Adelante Knowledge](#) for UNCDF*

Topics: Climate change Adaptation mainstreaming (UNCDF-LoCAL programme) (**SDG 13**).

Support to national and local adaptation frameworks' improvement of: Sao Tomé e Príncipe, Guiné-Bissau, Lesotho and Mozambique.

Jan 2022-Dec 2022 **Consultant – SDG and policy analyst**

*Collaborator of [Adelante Knowledge](#) for European Commission*

Topics: Climate change, Public policy analysis, SDG, Policy Coherence.

Analysis on Sustainable Development Goals achievement by EU's and MSs' International Cooperation in the previous 2014-2020 programming period (**All SDGs**)

April 21-May22 **Public policy analyst - Consultant**

*Collaborator of [Adelante Knowledge](#) for Agence Française de Développement*

Topics: Inequalities, Public policy analysis

Meta-analysis on EU Member States' international cooperation programmes and projects under the inequality lens (**SDG 10**)

March22-July22 **GIS and Adaptation specialist - Consultant**

*Collaborator of [Adelante Knowledge](#) for World Bank*

Topics: Climate change, New Green Deal.

Analysis on MENA region about the potential impacts of EU Green New Deal (**All SDGs**)

Oct 20 – March21 **Adaptation specialist - Consultant**

*Collaborator of [Adelante Knowledge](#) (Sierra Leone)*

Topics: Climate change, Public policy analysis, SDGs.

Intended National Determined Contributions analysis and review of Sierra Leone (**SDG 3, 6, 11 and 13**)

Feb 23 – on-going **Consultant – Research assistant**

*[Association of European Schools of Planning \(AESOP\)](#) (EU)*

Within the ERASMUS+ project InPlanEd (acronym of Integrated Planning approaches in higher Education), the research assistance collaboration includes:

- surveying 90 interviewees (30 MSc professors, 15 MSc students, 15 practitioners former MSc students)
- analysing educational programs (curricula) of 10 European schools of

planning

The object of the research is prototyping collaborative online educational tools and courses aiming at setting up integrated planning approaches.

**(SDG 4)**

Sept 22– Jun 23 **Consultant – Adaptation specialist**

*Collaborator of [Nier ingegneria](#) – Client: [Comune di Vieste](#)*

Support to the definition of a Local Climate Mitigation and Adaptation plans (Sustainable Energy and Climate Action Plan – SECAP). Activities:

- Baseline Emission Inventory (BEI)
- Risk and Vulnerability Assessment (RVA)
- Review of local planning tools and instruments addressing mitigation and adaptation
- Proposal of a set of adaptation measures, most of them Nature-based solutions

**(SDG 4 and 13)**

Apr 22 – Dec 22 **Consultant – Adaptation specialist**

*Collaborator of [TecnoAmbiente \(ES\)](#) – Client: [Cellnex \(EU\)](#)*

Support to the definition of a Climate Adaptation plan of the Telecommunication enterprise's ICTs. Activities:

- Climate projections analysis (2011-2040-2070) for 8 hazards (i.e. heatwaves, mean temperature rise, mean wind rise, strong wind, floods, sea-level rise, storm surges, fires)
- Risk analysis for 3 assets (towers, data centres, antennas)
- Proposal of a set of adaptation measures for ICTs to reduce exposure and vulnerability to climate-related hazards

**(SDG 4, 11, 9, and 13)**

Oct 20 – Mar 21 **Consultant – Public policy evaluator**

*[IRES Piemonte - Istituto di Ricerche Economico Sociali – Torino \(IT\)](#)*

Ex-post Research and Evaluation activities focusing on a Regional policy (2007-2013) addressing local development and cohesion – 30 Territorial Integrated Programmes and their governance setting are analysed and evaluated. Policy recommendations were provided to the committer (Client: Piedmont Region).

[Working Paper](#)

Sept 20 **Consultant – Policy and Research expert**

*[Comune di Vittorio Veneto \(IT\)](#) – [EU Interreg Local Flavours](#)*

As a Scientific and Policy expert, the consultancy services provided to the Municipality of Vittorio Veneto consisted of EU-based "Best practices" identification, review, and provision in the field of Sustainable Tourism for small municipalities and rural-natural regions.

Feb 20 – Nov20 **Consultant – Adaptation specialist**

[EIT Climate KIC](#) (EU)

Qualitative assessments of Climate Adaptation proposals  
Analysis and recommendation for M&E scheme improvement for Climate adaptation evaluation.

**(SDG 13)**

Sept 19 – Apr 20 **Consultant – External scientific collaborator**

*Università di Venezia Ca' Foscari – [Challenge Master School](#) (IT)*

Organizer and coordinator of a series of case study visits in Barcelona (ES) on Catalunya region's public policy innovations. The visits focus on topical issues, i.e. climate change adaptation and mitigation, urban regeneration, sustainable mobility, renewable energy, gender, and multi-cultural equality.

Nov 16 – Jun 20 **Ph.D. Researcher**

*[Politecnico di Torino / Università di Torino](#) (IT)*

**Ph.D. Thesis title:** ["Mainstreaming Climate Change Adaptation into Local Planning. Insights from Barcelona and Turin municipalities"](#)

**Keywords:** Climate Change, Adaptation, Mainstreaming, Local Planning, Policy integration, Climate services, Knowledge co-production, Emergency planning, Risk management, Monitoring & Evaluation.

Collaboration with i) Municipality of Turin in the EU-LIFE+ project: DERRIS; ii) Municipality of Barcelona in the Pla Clima co-implementation phase.

Mar 18 – Mar 19 **Scientific collaborator**

*[URNet Urban Resilience Research Network](#), Barcelona (ES)*

Involved in the organization of the innovative [Master on City Resilience Design and Management](#), supported by UN-Habitat, R100C, ICLEI.

Sept 17 – Sept 18 **Research and Education assistant**

*Politecnico di Torino (IT), University of Tokyo (JP)*

Focus: research and education activities on the municipality of Nishi-Tokyo (Tokyo Metropolitan area).

Jan 17 – Jan 19 **GIS and Remote Sensing analyst**

*[ITHACA - Politecnico di Torino](#) (IT)*

The non-profit association ITHACA, based in Torino, Italy, is a centre of applied research devoted to supporting humanitarian activities in response to natural disasters using remote sensing techniques.

Activities: GIS and Remote Sensing analysis within the operational emergency mapping framed in the European Commission Copernicus Emergency Management Service (ESA-European Space Agency)

Oct 14 – Apr 16 **Research assistant**

*Université Paris Est/ENPC-LEESU–Paris (FR)*

*Universidade Federal de Minas Gerais – Belo Horizonte (BR)*

Research activities focused on: i) Urban and Regional Planning; ii) Climate Change

Adaptation Policy and Implementation; iii) Geographical Information System (GIS); iv) Integrated urban water management; v) Urban hydrology and drainage; vi) Nature-based solutions (SuDS-WSUD-LID concepts)

Case studies: two urban and peri-urban catchments in the metropolitan area of Belo Horizonte.

Nov 13 – Aug 14 **Urban policy and development consultant**

*Different committers (BR)*

Freelance activity based on geo-processing and mapping many different Brazilian municipalities (e.g. San Paolo, Vitoria, Belo Horizonte, Campinas)

April 13 – Sept 13 **GIS analyst**

*LAPLA - Laboratório de Planejamento Ambiental - UNICAMP Campinas (BR)*

Freelance activity based on geo-processing and mapping an airport (Amarais – Campinas) 40km diameter buffer area using a land-use analysis for an Environmental Impact Assessment.

May 13 – Aug 13 **GIS analyst**

*Instituto Via Pública / Associação Cidade Escola Aprendiz – São Paulo (BR)*

Freelance activity based on geo-processing and mapping three public schools' 5km diameter buffer areas for a social project focusing on social, economic, and urban infrastructures.

Gen 13 – Mar 14 **GIS analyst and urban policy consultant - Intern**

*Instituto Pólis, São Paulo (BR)*

Geo-processing and mapping - Geo Database setting and management

Stakeholders' participatory group assistant; Managing and implementing international projects (i.e. World Bank, Banco Inter-Americano)

Regional environmental and city plans for 13 municipalities in the San Paolo State coast (e.g. municipalities of Santos, Ubatuba)

Ag 2010 – Nov 2011 **GIS operator & Environmental audit technician**

*Provincia di Trieste – Environmental Protection office (IT)*

GIS analysis throughout the Province of Trieste. Preparation of budget estimates of GHG. Participating in the Environmental Assessment for Provincial Waste Plan.

Jan 2005 – Dec 2005 **Laboratory technician**

*University de Trieste - Faculty of Engineering - Streets and transportation section*

Management of 3 laboratories with inspection activities, testing, and study on road materials. GIS-based mapping. Geodatabase management

## EDUCATION AND TRAINING

- May - July **M&E course**  
[International Training Centre – ILO - M&E Course](#)  
i) Results-based management; ii) Monitoring, reporting and control; iii) Risk management; iv) Evaluation of development programmes; v) M&E system, methodologies, and tools
- Nov 16 – Jun 20 **PhD candidate** Ph.D.  
*Polytechnic University of Turin (Italy)*  
PhD course on Urban and Regional Development. Ph.D. Thesis defended on July 9<sup>th</sup>, 2020.
- Nov 2019 **Climate adaptation Training course**  
[Garama 3C Ltd – Norwich \(UK\)](#)  
[Course](#) on mainstreaming and integrating climate change adaptation; adaptation in theory and practice; how adaptation relates to concepts such as risk, resilience, vulnerability and transformation; monitoring, evaluating, and learning
- Apr 18 – Oct 19 **Research visiting period** Ph.D.  
*International University of Catalunya (UIC) – Barcelona (ES)*
- May 2016 **Summer Intensive Course student**  
*United Nations University – Institute of Environment and Human Security (UNI-EHS) – Bonn (DE)*  
A two-week intensive course "[Advancing Disaster Risk Reduction to Enhance Sustainable Development in a Changing World](#)" organised by EduSphere Centre
- 2011 **Specialization course on Watershed Planning**  
*IUAV Università di Venezia, Venezia (IT)*  
Watershed planning course. See [IUAV](#) or [Gruppo 183](#)
- 2011 – 2014 **Master student in Urban and Environmental Planning** M.Sc.  
**LM-48 Pianificazione della città, del territorio e dell'ambiente**  
*IUAV Università di Venezia, Venezia (IT)*  
Additional title: European Master's Degree (Master I) in Planning and Policies for the City, Environment and Landscape.  
Vote: 110/110 with honours
- Aug 12 – Dec 13 **Period of study exchange and internship**  
*Faculty of Architecture – UTL, Lisbon (Portugal)*  
*Faculty of Architecture and Urbanism - USP, São Paulo (BR)*
- Sept 2005 – Feb 2011 **Graduated in Urban and Territorial Planning** B.Sc.  
*University of Trieste (IT)*  
B.Sc. focusing on the major disciplines related to Geography and Urban and Regional planning. Vote: 103/110
