

Open application to First Italian Master in safety, environment and security at sea

Deadline for application is 5th October, 2017 at 2 pm.

Applications (2017-2018) are open for the Second Level Master “**Advanced Skills in Safety, Environment and Security at Sea**” at the Trieste University (300 ECTS already obtained are necessary to apply). It is the first in Italy and one of the very few at international level regarding the topics treated during the programme.

The Master is part of the activities of ASSESS, a project approved and co-funded in the framework of the Call Blue Careers in Europe. mareFVG is the project leader of a broader partnership made up from University of Trieste, National Institute of Oceanography and Applied Geophysics (OGS), National Research Council (CNR INSEAN), Lloyd’s Register EMEA, and with the collaboration of Fincantieri and Wärtsilä.

Goal of Master is to offer an academic and professional training path on safety and security issues in maritime sector. Moreover, the Advanced Master will train qualified employees and labour force able to apply the most recent technologies in order to encourage the growth in Blue Economy’s field.

The programme is open even to working professionals. The Master will last 12 months and the path foresees 1500 hours of lessons structured in two main phases. The firsts 5 months will be dedicated to classroom lectures held at the University of Trieste, and taught by leading Italian and international academics, students will also attend specific study visits in Europe in this period. In the second phase, attendants will perform a 7 months’ internship in companies operating in the maritime sector.

Deadline for application is 5thOctober, 2017 at 2 pm. Applicants will be selected on the base of their academic qualifications, followed by a written test and an interview. Lessons will start within the end of October and classes will be held in English.

Upon the successful completion of the Advanced Master, participants will receive a Second Level Master’s Degree from the University of Trieste equivalent to Level 8 of European Qualifications Framework (EQF).

Selected candidate will receive a monthly reimbursement for accommodation and travel expenses and a didactic kit. In addition, a PC with all the software necessary to follow the lessons will be made available to students.

All the details about the Master and the [form for the online application](#) are available on the web site of ASSESS project (www.assess-project.com).
