The ICHD - International Council of Human Duties is pleased to invite you to the online conference Human Rights and Duties in the 3rd Millennium.

The event takes place on the occasion of the 30th anniversary of the ceremony for an honorary degree to the Nobel Laureate Rita Levi-Montalcini, during which the need for a Declaration of Human Duties, an ethical code that focuses on the urge to share the responsibility to preserve human dignity, protect the environment and maintain peace among populations, was strongly supported.

The meeting aims to raise awareness towards what are the human rights in the third millennium and the duties we all have towards mankind and the world itself.

To analyze the future of the duties and the duties of the future, UWC Adriatic students will dialogue with the Directors of three main international research centers located in Trieste and Jeffrey Sachs, one of the most influential living economists, will give his remarks.

Registration to the conference can be submitted on <http://bit.ly/HumanRightsAndDuties>
