

First Annual Transform4Europe PhD conference

“Societal Transformations and Sustainable Development with Respect to Environment in the Post Covid-19 Digital Era“

(An international multidisciplinary conference for PhD students and early-stage academics)

Call for Papers

8-9 December 2021

The Transform4Europe Alliance comprises seven universities from different regions in Europe:

- Saarland University (Germany)
- The University of Alicante (Spain)
- The Estonian Academy of Arts (Estonia)
- The University of Silesia in Katowice (Poland)
- Sofia University St. Kliment Ohridski (Bulgaria)
- The University of Trieste (Italy)
- Vytautas Magnus University (Lithuania)

Under the European Universities Initiative of the European Commission the Transform4Europe partners have set themselves the ambitious aim to forge a new type of transnational inter-university collaboration and contribute to the development of the European Education Area.

The **First annual Transform4Europe PhD conference** “Societal Transformations and Sustainable Development with Respect to Environment in the Post Covid-19 Digital Era“ will be hosted by Sofia University St. Kliment Ohridski over two days in Sofia on 8-9 December 2021.

Outstanding keynote speakers will deliver visionary and plenary speeches. Doctoral students and early-stage academics from **all scientific areas** are kindly invited to participate, showcase the results of their research work, engage in discussions with their peers and with established researchers. The participants will receive a certificate jointly issued by the Transform4Europe Alliance universities. The conference papers will be published in Conference Proceedings after scientific review.

Conference mode: Hybrid (onsite in Sofia and online via Zoom)

Conference objectives:

The conference aims to

- encourage PhD students and young researchers (including outstanding MA students) to involve in research networks with their peers from the seven Transform4Europe Alliance partners
- provide a forum for exchange of innovative research ideas, knowledge-sharing and co-creation
- embed a culture of Open Science and a new approach to the scientific process based on openness, inclusiveness and cooperation.

Thematic scope:

The conference is thematically related to the three Transform4Europe focus areas .

- Societal transformation, community building and inclusion
- Digital transformation and smart regions
- Environmental Transformation and sustainability

Important dates

Submission of application forms: 20 November 2021

Confirmation of participation: 30 November 2021

Full paper submission: 15 December 2021
